

Gilbert & Laura Bekkatla

May 10, 2022

I am sorry this email did not go out sooner. For some reason my email list for updates was not working. I am trusting that this will go without problems.

On Saturday, Noah Wahlstrom, the NCEM pilot, Nathan Willems, an NCEM associate and Gilbert flew into Tadoule Lake. The purpose of the trip is to distribute Child Evangelism materials, Bible lesson, music CD, Christian Evangelism movie with a Gospel of John and questions to also and mail back CEF. We are praying for open doors to receive this material but also for the families to continue to do the Bible lessons. It was a last minute trip in because the pilot was sick on Friday and After they arrived in Tadoule Gilbert was unwell but glad he was better yesterday. The team will distribute materials as well in Lac Brochet and stop for a few hours in Brochet. This is the beginning of the CEF material that was donated by a very generous Christmas project for evangelism in Dane communities. There will be several more trips to different areas. Please pray for God to use this materials and this team for His purpose and glory. The will fly back to Prince Albert on May 12th so it is a short trip.

Laura
